

COLLEGE OF AGRICULTURE AND LIFE SCIENCES
AGRICULTURAL TECHNOLOGY
VIRGINIA TECH.

OPEN HOUSE

Saturday, October 24

Please join us to learn about Virginia Tech's **ONLY 2-year** program where students earn an associate of agriculture degree.

Our students benefit from:

- A hands-on experience utilizing state-of-the-art equipment and facilities
- Practical education that enables them to “hit the ground running”
- Experience in the industry through internships
- Dedicated faculty and staff who care about student success
- Two great options and several emphasis areas to choose from: **Applied Agricultural Management** -livestock production, crop production or agricultural business OR **Landscape and Turfgrass Management** -golf & sports turf management or landscape design, installation & management

GET ON THE FAST TRACK TO SUCCESS!
